

Replacement DL389 Form

CALIFORNIAMOTORCYCLIST.COM

ALL SECTIONS MUST BE COMPLETED. DL389s expire 12 months from the original date of issue and will not be reissued once it has expired. Obtaining a reissued DL389 will not extend the expiration date. If it has already expired you will need to take the entire course again to receive a new DL389 certificate. The training provider will not be able to reissue your DL389, only CMSP is authorized to reissue the DL389. Replacement DL389s may take up to a 5 working days to process your request.
